**LOGO RATIONALE**

To fully understand this Logo, we need to reckon at the full essence of the organization, thus, beginning with the very core of the group – the UAP MEMBERS, ARCHITECTS from the PHILIPPINE ARCHIPELAGO.

Every Chapter brings in them the essence of the vision and mission that UAP National have strived to maintain and develop since 1975. This essence should be clearly seen and manifested in all Chapters, though they have their own identity in the body of the UAP, yet the main purpose should be evident – which is the image of a Filipino Architect.

Many Chapters have associated themselves with their location. Iconic landmarks, traditions, lifestyle

and culture of the chapter's location on their logos are effective in identifying and marking the symbol of the Chapter. There is another means of identifying and representing the image of the Chapter, and it involves looking on the deeper qualities of the Architect.

A Chapter Logo should not just represent the location or area of the chapter rather it is about the UAP Architect's identity that should be embodied.

Therefore the Logo represents more of the Architects and less of the location, because we believe that anywhere you go around the world you are still a UAP QATAR CHAPTER MEMBER BY HEART, which should not be limited through the host country's image.

Logo Representation:

- **GOLDEN LINED CIRCLE:**
  - **A UAP Qatar Chapter Architect is an INTERNATIONAL ARCHITECT.**  
This is represented by a golden lined circle representing the world via NORTH, SOUTH, EAST, and WEST. It also represents our competitiveness in the global arena.
- **UAP LETTERS in 3D RENDITION:**
  - **A UAP Qatar Chapter Architect is a NEXT GENERATION ARCHITECT.**  
This is represented by a 3D rendition of the UAP symbol. From the original 2D illustration of the UAP letters, Depth has been introduced showing the UAP Letters with silver metallic sides, representing the future, a symbol of a new generation.
- **GOLDEN SANDS IN THE SQUARE LINING:**
  - **A UAP Qatar Chapter Architect aims for PERFECTION OF HIS PROFESSION.**  
We are blessed with a lot of opportunities, having been able to practice our profession in the Middle East, majority being with financial wealth and comfort. Above all, we are blessed with immeasurable EXPERIENCE. Experience that is a great tool for perfection of our skills. This is represented by the Square Golden Sands reflected around the circular original UAP logo. Sand is a major component and feature in Qatar.
- **OVERALL GOLDEN FEATURES:**
  - **That a UAP Qatar Chapter Architect is a SYMBOL OF HIGH VALUE.**  
We are as precious as gold, whether we acknowledge it or not. Our presence, our skills and talents, our knowledge and experience, all are a common trait of every Architect. These traits are the major percentage of the Logo exhibiting golden features such as Golden Sands and Golden Lining.
- **LOGO IN A GOLDEN CREST FORMAT:**
  - **UAP Qatar Chapter Architect is a PRIDE OF EVERY FILIPINO.**  
Since we embodied ourselves and accepted ourselves as International Architects in our own right, the whole emblem of the Logo, the totality of the description as a holistic and timeless, depicts UAP Qatar Chapter Architects as ASSETS of their country, THE PHILIPPINES. Every Filipino across the world will take pride in us as we continue to endeavor to become one of the best Architects.
- **GOLDEN CREST IN WOODEN TRADITIONAL WINDOW:**
  - The golden crest is encased in a wooden traditional Capiz-shells on Red Narra
